2. The role of a teacher has always been vital in the all-round personality development of the Cadets and a Teacher is a role model influencing every facet of the Cadets' growth and developing their innate potentials, in addition to being a motivator, guide and friend and if the quality of teaching is good and the commitment of Teacher is high, the standard of the school is bound to rise. On the other hand, continuance of inefficient Teacher and his/ her equation with sincere and dedicated ones create a sense of dissatisfaction for the latter and for a Cadet who has to endure the inefficient Teacher will not only mar his/ her life/ career, but also cannot be compensated in any form in their entire life. Similarly, the Nursing Assistant will also play an important role in Cadet's growth and development and without his active participation and involvement the Cadet could not be achieved his dream and aim for which he joined Sainik School East Siang.
